ABOUT

Awen Hair

Awen Hair, Skin & Body was established in 2010 as Awen Hair Design. Since then, we have been honing our craft and always selecting the right team to look after you in all aspects of Hair.

We use both Davines and PURE as our choice of colour and home care products, which are both sustainable companies, cruelty free and vegan friendly. Our Keratin Range is provided by bhave and contains bioactive keratin produced from New Zealand sheep wool. Discover the power of managable, frizz-free hair everyday.

We ensure that we maintain a high standard of professionalism and that all of our clients have an amazing experience.
